Driven Full-Stack Web Developer with a strong foundation in Computer Science and a passion for Artificial Intelligence. Experienced in leading technical teams and building innovative digital solutions that solve real-world problems. Committed to continuous learning and leveraging technology to create impactful user experiences.

PROFESSIONAL EXPERIENCES

October 2025 – December 2025
Faculty of Letters and Human Sciences
Mohammédia

President of the Digital Psychology and AI Club (FLHSM)

- Led student initiatives exploring the intersection of Artificial Intelligence and Human Psychology.
- Organized workshops on how digital tools impact mental well-being.

September 2025 - Today
MASAQ Center
Fès

Head of Technical Committee – MASAQ Center

Missions: To deliver flawless technical operations for conferences and the flagship event La Sira Animée, with complex audiovisual and livestreaming requirements.
Solution: Led the technical team, set up full AV infrastructure (sound, lighting, projection), and implemented a reliable live-streaming system.
Result: Zero technical issues during events and a significant increase in audience reach thanks to high-quality online streaming.

2021 - Today
Online Platform

Founder of La Route du Succès Étudiant

- Founded an academic guidance platform for students.
- Created a centralized digital hub to assist Faculty of Arts students in accessing study materials, exam schedules, and administrative updates.
- Managed the platform's content and strategy to ensure students received accurate and timely educational guidance.

Technologies used : HTML5, CSS3, JavaScript, WordPress
